Seattle University

**Date:** September 18, 2026

**Re: Internship Feedback**

Dear Brunda,

Please accept this letter as formal confirmation of the successful completion of your internship at Hirello LLC. You joined our team as an AI Engineering Intern on June 8, 2026, and concluded your internship on September 18, 2026.

During your time with us, you were tasked with developing and fine-tuning our AI systems designed to assist job seekers in identifying and securing suitable employment opportunities. More precisely, you focused on building and maintaining our full-stack platform while designing and implementing a conversational voice agent. In executing these projects, you effectively utilized Node.js, MySQL, Vue.js, LLMs, Retrieval-Augmented Generation (RAG), and Python.

We were highly impressed with your performance, your strong collaboration with your manager and fellow developers, and your ability to complete all delegated tasks accurately and on schedule.

Please feel free to reach out if you wish to explore future opportunities with us—we would be delighted to work with you again. We wish you all the best in your career.

Sincerely,

Susan Barics
